### ***STUDENT RESEARCH PROGRAMME (SRP)***

We launched this initiative to foster a research culture among NIMIT's advanced students. This presents them with yet another opportunity to advance because we have a large number of advanced students who really want to excel in their performance. We concentrate on all students in their final year. The ultimate goal of this initiative is to force final-year students to publish their original research papers in either the Naivigyan or UGC journals this academic year. 26 papers were published this year, including 2 in the UGC journal and 18 in Naivigyan.

The number of papers from each department are as follows:

- Commerce -15
- English - 6
- Hotel Management - 4
- Computer Science -1
